

Keeping your furry family member happy, healthy and fit takes a lifelong commitment. At Animal Care Hospital, we would like to make achieving this goal a little bit easier and more affordable. Our comprehensive wellness plans are designed to deliver the care needed to extend and improve your pet's life by offering essential services at a discounted rate.

### *What are wellness plans?*

Wellness plans are designed to provide your dog or cat with regular care to prevent disease and provide early diagnosis of certain conditions. They are not insurance and do not cover unforeseen injury or illness, but are designed to help you to stay a step ahead of such problems whenever possible. We have three levels of wellness plans that have everything your pet needs to stay healthy for an entire year.

Our wellness plans make managing the ongoing health of your four-legged family member more affordable: not only are they priced to provide a discount on regular care, but it's also less expensive to prevent rather than treat illness.
